PARALLAX ROBOTICS

OVERRIDE 2026-27 / EDISON, NJ

PLACEHOLDER DOCUMENT

Meet Parallax.

This is a labeled placeholder for our final one-page team flyer.

We are Parallax Robotics: six students from Edison High School, a Title I public school in Edison, NJ. We design, build and code our own robot for the high school VEX V5 Robotics Competition.

Founded: 2025

Current season: Override 2026-27

Team number: not yet supplied

The final flyer will add approved team and robot photography, the official team number, and confirmed outreach information.

Support goes toward parts, competition registration and travel.
